## The Farrington's Story

### **A bitesize bit about us...**

Farrington's is a Duchy tenanted farm, home to Andy and Tish Jeffery and their family. Andy took over the farm in 1992 from his Dad who had held the tenancy since the 1960's.

When Tish opened the doors to their first shop in 1991, it sold a few potatoes, carrots, cakes and a few jars. Today, it is award-winning farm shop and café stocking a fabulous selection of home-made and home-grown produce.

We believe that real farm shops should sell what they make and grow. At Farrington's our ethos is about just that!

The dishes on our menu are made with organic vegetables grown here in our fields when in season and all produce is sourced as locally as possible.

Still hungry for more? In our Farm Shop, you'll find over 300 home-made products to tempt you!

**All our food is prepared to order using where possible produce grown on our farm and using the best local ingredients.**

**During busy times there maybe a wait.**

**Please may we politely remind you only food produced by Farrington's can be eaten in the Playbarn, thank you.**
